Manitoba

Bears, Whales & Northern Lights Canada's only sub-Arctic seaport, the town of Churchill* has made its international reputation as the Polar Bear Capital of the World. This community of hardy northerners sits on the bears' annual fall migratory route back to Hudson Bay from the Arctic tundra. But Churchill boasts even more natural wonders. Whether it's dazzling Northern Lights or Aurora Borealis, the aerial drama of migratory birds overhead, or deep, rich summer and fall colors of tundra mosses and wildflowers, or thousands of curious beluga whales in the Churchill River, Churchill is filled with life.
