

New Zealand

In New Zealand you can find a different adventure at every turn. The pleasant spring and summer weather make outdoor conditions ideal to rejuvenate and invigorate the body and mind.

The national parks - all 14 of them - are laced with hiking trails. You can wander for a day or several, staying in purpose-built huts. From the waterfalls and ancient forests of Fiordland to the active volcanic terrain of Tongariro, every park is distinctly different.

If you love the freedom of the mountains, the Southern Alps will have you awestruck. Alpine treks, canyoning, lake cruises and jet boating each provide a different approach to mountain appreciation.

In Northland you can go big game fishing and dune surfing; take part in an underground adventure such as black water rafting, rappelling or simply marvel at the glow worms in the Waitomo Caves. The west coast of the South Island is where you can hike on a huge glacier that creeps down into the forest.

Kiwi ingenuity is the source of several crazy experiences that will take you to a whole new level of fun. There's fly-by-wire, zorbing, canyon-swinging and dam dropping, to name a few.

DON'T FORGET YOUR TRAVEL INSURANCE!

We strongly recommend that you purchase travel insurance. We understand that when you are travelling you don't want to worry about a thing, but events can happen, even to well prepared travellers. You may have to cancel your trip at the last minute to tend to a family emergency or you may need medical assistance when you are away. Your baggage may go missing, or there may be damage to your personal property. We want to ensure that prior to, or while you are travelling you have the comfort of knowing you will be looked after in most unforeseen circumstances.

Why we recommend travel insurance:

- * Protect your travel investment from unforeseen emergencies with Trip Cancellation and Interruption Insurance
- * Protect yourself with Emergency Medical Insurance you can count on, no matter where you are travelling in the world
- * Protect your valuables with baggage and personal effects insurance

Consider the following situations:

1. If I become ill or injured while travelling, will my personal health insurance cover my emergency expenses while travelling, including ambulance, x-rays, wheelchairs, prescriptions?
2. If my luggage was delayed could I manage at my destination for more than a day?
3. If I have to cancel my trip before travelling due to an injury would I receive a refund?
4. How much would a family member have to pay to come to my bedside if I was hospitalized for several days?

Call for your Insurance Quote today!
