

Anderson Vacations Sends Agents Around The Land of the Long White Cloud

On April 17th three Anderson Vacations staff members and seven lucky travel agents embarked on a FAM trip around the Land of the Long White Cloud – New Zealand! These lucky agents were Anderson Vacation's top selling travel agents for Downunder Product in Anderson's inaugural year. They have worked hard selling Anderson product and are being rewarded with a spectacular trip around New Zealand.

This nine-day FAM tour had a full but extremely fun schedule. Beginning in the cosmopolitan city of Auckland, the agents were able to cruise the Viaduct Harbor, and enjoy supper from atop the Sky Tower. After Auckland it was off to Rotorua for a ride on the Driving Creek Railway which snakes its way up the mountains through the Kauri Forest before reaching the top for stunning views of the Hauraki Gulf and Coromandel. No trip to Rotorua is complete without a visit to the world famous "Hell's Gate" to see the mud pots and geothermic activity.

Everyone who goes to New Zealand needs to experience a little adventure and that is exactly what they did - with choices ranging from the Agrojet, Swoop, and Freefall Xtreme Teaser to the Shweeb. New Zealander's are called Kiwi's for a reason and it is not because they have an abundance of kiwi fruit but rather because of Kiwi birds. The FAM included a visit to a working nursery where Kiwi birds are born and raised at Rainbow Springs Nature Park.

Participants learned about the ancient Maori culture and enjoyed traditional meals with the Maori people before heading south to the city of Queenstown. A highlight on the South Island is a cruise along the beautiful Milford Sound and an amazing helicopter tour back to Queenstown!

Anderson Vacations looks forward to many more FAM trips to the South Pacific in the future. For FAM opportunities to Canada and the South Pacific visit our website at www.canadatravelolution.com or www.downundersolution.com under the Travel Agent page.
